A 21st Century Health Sciences City

The University of Colorado Anschutz Medical Campus is the only comprehensive academic health sciences center in Colorado, the largest academic health center in the Rocky Mountain Region and the only completely new education, research and patient care facility in the world.

227
ACRES
of land for patient care, research and education facilities

7.3
MILLION
gross square feet of newly built training facilities for future health professionals

On a campus designed to enhance collaboration and interprofessional education, students learn alongside faculty members, who also provide expert clinical care to patients and make meaningful medical discoveries.

- » 4,056 students (Fall 2012)
- » 16,825 employees
- » 1.5 million patient visits annually

Research and innovation on our campus fuels the Colorado economy, leading to new companies, more jobs and medical treatments that improve our lives.

- » \$1.14 billion campus budget (FY12)
- » \$400 million in research grants annually
- » \$2.4 billion in direct expenditures—on par with the Colorado ski industry
- » 800 patents and 46 new companies since 1992

"The Anschutz Medical Campus trains the health sciences workforce of the future—blending education, research and clinical care all in one place. This strategic collaboration among diverse health care fields allows for knowledge to travel directly from the research bench to the patient's bedside."

— Lilly Marks,
Vice President for Health Affairs,
University of Colorado

Executive Vice Chancellor
